material handling

Parking fork for Basic

Weight (kg)	0.617
Other characteristics	Stainless steel (SS)

With this handy parking fork, you can easily store the Basic base unit when it's not in use. Thanks to its smart design, it's just as easy to take it out again and get back to work. The rubber-coated forks protect the Basic from bumps and scratches. The holes in the plate are designed for 6 mm screws and attach easily to, for example, the FlexiCrane. Available in painted or stainless steel.
